Attaches and nurses at City hospital, with their invited guests, numbering in all nearly 30, enjoyed one of the old-fashioned Vermont pastimes—a corn roast—last night. Automobiles for transportation carried the party to South Barre, where an ideal spot had been selected for the affair. A monster fire, vying with the northern lights in the late evening, blazed merrily while the savor of corn roasting or boiling was the cause of keen appetites. Plenty of fixins' were on hand, including marshmallows, apples and watermelon, and together with the "cats" and the games played the evening was soon spent, though it was one to be pleasantly remembered.

Another small break, the second within a week, and similar to that occurring a few days ago in the fruit store of George Maniatty on North Main street, was discovered this morning at the Union Clothing store on North Main street. There was a great similarity in the way in which the break was conducted. The entrance was effected through the side window, and after having ransacked the interior of the store a bit, and discovering nothing more than about half a dollar's worth of pennies, the burglar beat it by way of the rear door, leaving the door open behind him. As far as can be ascertained, nothing was taken besides the money, though access was easy to a great amount of goods of convenient size for transportation by a single person.

TALK OF THE TOWN

Vincent Catto of Berlin street spent yesterday as a business visitor in Waterbury, returning to Barre last night.

Grover Arpenock of Union Village arrived in town to-day on a short business stay, planning to remain in the city about a week.

Miss Dorothy Price of Newport, a former Barre resident, arrived in the city last night and will spend her vacation with relatives and friends here.

V. A. G. Dey of Toronto, Ont., who has been visiting at the home of Mary Stuart of Park street, returned to his home to-day with his family, after a two weeks' stay.

A. H. Sprague of Burlington arrived in Barre this morning for a short visit preparatory to moving his family here to live in the near future. Mr. Sprague is connected with the Peabody mill in Barre.

Raymond Burns, Boston agent for the Grand Trunk railroad, arrived in Barre last night for a few days' stay. His trip has been made with the hope of finding business going fast enough to warrant his closing some shipping orders for the Grand Trunk.

Charles H. French, general manager of the Joseph Carabelli Monumental Works in Cleveland, Ohio, arrived in Barre yesterday on his annual visit to the Granite city and its sheds and quarries. It is his intention to remain here for a few days.

A tin shower was tendered Miss Irene Blair at the home of her uncle, Frank Cassiva, 129 Seminary street, last evening by friends of the young lady. Many useful household articles were given the prospective bride. Music, games and dancing were enjoyed during the evening and refreshments of ice cream and cake were served.

Miss Doris Davis of Maple avenue, Miss Merle R. Hopcock of Berlin street and Miss Dixie F. Carl of Berlin street left to-day on a westward trip, Miss Davis going as far as Kansas City, Kan., and the other two stopping at Albany, N. Y. Miss Davis is to take up religious training in that city. The Misses Carl and Hopcock are descendants of the North Barre mission.

Traffic was impeded for a short time this morning on North Main street when the front and rear wheels of an ancient and decrepit wagon commenced to sever relations. The presence of mind of the somewhat mortified driver, and the age and condition of the horse, prevented the completion of the move, and a few dexterous twists of an old rope reunited the drifting pair, in a fashion suitable to horse, team and driver, and the show proceeded to its next stopping place.

Paul Melcher and his mother, Mrs. C. W. Melcher, have returned to their home on Park street after having spent nine months in Houghton, Mich., where the former is enrolled as a student in the Michigan College of Mines. The return, a tiresome one of two days, was made by way of the Canadian Pacific line, passing through Ottawa and Montreal on the way. Mr. Melcher gave a very interesting brief account of the manner in which the courses are run at the college. It is the purpose of each course to combine classroom instruction with the actual work of the mines, the first year being devoted for the most part to the copper mines, frequent visits being made to those in the vicinity (a radius of 30 miles). The second year is devoted to the iron mines, with advance work in all the other lines. This college has the advantage of Columbia and Massachusetts Institute of Technology because of the fact that it can give the technical instruction and the practical experience at approximately the same time, while in the other cases the two must be separated, the technical instruction coming one year, and the experience the next. Mr. Melcher has one more year to complete, and is spending a time for the first time, the first of October, when classes recommence, at his home on Park street.

The party stopped to look over the bears and while they were feeding them, Mr. Harpan tried to have one of the bears drink from a bottle, when the bear snapped at him, catching one hand and giving it an ugly wound, which is healing as well as can be expected.

G. W. Groom, assistant superintendent of the Central Vermont, and H. H. Kidder, assistant superintendent of the Boston and Maine railroad, were in the city last evening conferring about different railroad matters. The winter schedule will go into effect Sept. 25.

The B. V. D. Company having complained of the use of its trade-mark, we wish to say that hereafter, so that we may not injure The B. V. D. Company we will only refer to the trade-mark "B. V. MOB SPIRIT MUST BE CURBED.

Declared Luther Z. Rosser Before American Bar Ass'n.

Cincinnati, Ohio, Sept. 2.—Impartial annihilation of the "whole poisonous, pestilential brood" of what generally is called the mob spirit is the only guaranty of national safety, Luther Z. Rosser of Atlanta, Ga., told the American Bar association in an address on the illegal enforcement of the law this morning.

Lynching, he said, will cease "only when negroes stop their attacks on white women and when the white people reach such a stage of self-control that they can restrain themselves in favor of the law, two things that are too deep-seated to be met by the law alone but must be overcome by an awakening of public conscience and the uplift of the two races.

But lynching, he added, was only one phase of the mob spirit that "is constantly and industriously laying the axe at the root of government." Labor mobs, though different in their inception and make-up, were declared to be just as inimical to the safety of the nation.

"The labor mob too often is born of deliberation and preparation. It often lives long enough to exert its corrupting influence upon legislation and administration and to secure the universal object of all such mobs. Too often in defiance of arms and con-

struction, it constitutes its work of destruction and murder.

"Lynching is only one of the germs. To attack one and leave the other to safely thrive is governmental suicide. Annihilation, not dallying, is the only guaranty of national safety."

BELFAST'S 18TH DEATH

IN PRESENT OUTBREAK

Youth Died This Morning of Wounds Received During Street Fighting.

Belfast, Sept. 2 (By the Associated Press).—James Johnson, 15 years old, died at a hospital this morning from wounds received during street fighting here. His death, with that of Walter Campbell, who died last night, brings the death roll of the disorders in Belfast since Monday to 18.

Johnson and Campbell were members of a group of five boys who climbed a wall to watch the shooting. They there became targets of snipers. There was a curious case of mistaken identity in connection with young Johnson. While he was lying unconscious in the hospital three different families claimed him a member. One man was so sure the patient was his own son that he took Johnson's clothes home with him, only to find his own boy seated by the bedside.

There were several cases of assault

in the Falls district of the city this morning, men going to work being attacked. The police otherwise reported the city quiet.

Pershing. She wrote that she would send the remainder as soon as she could get it.
